

CHAPTER 2 – Population Dynamics

1. What do you understand by Population Distribution? (pg-31)
2. Which are the ten top most populous countries? (pg-31)
3. What is Density of Population? (pg-32)
4. Try to solve : Discuss the following (pg-33/Box Item)
5. Name the factors that affect the Distribution of Population.
 - a) Physical factors (pg-34)
 - b) Economical factors (pg-35)
6. Try to solve : Discuss the following (pg-35/Box Item)
7. What are the two forms of Population Growth? (pg-35)
8. Components that are related to Population Change (pg-35)
9. What is Migration? Kinds of Migration. (pg-36)
10. What does Composition of Population deal with?(pg-36)
11. How can the whole Population of a Country be categorized? (pg-36)
12. How do these components affect the Population of a Country :-
 - a) Age Composition (pg-36)
 - b) Sex Ratio (pg-36)
 - c) Literacy (pg-36)
13. What is Over Population? Causes? Ill effects? (pg-36)
14. What do you understand by Underpopulation? (pg-36)
15. Draw a diagram to Show Age and Sex Structure of :-
 - a) Nigeria,
 - b) Australia
16. Learn : Ling BOX (pg-37) and REVISAL (Pg-38)

HOMEWORK : Write down in your Geography Homework Copy both the questions and the answers of the following questions of the *exercises* :- (pg no. 38 & 39) :-

1. (a), (b), (c), (d), (e), (f)
2. (b), (c), (c)-[also Draw the diagram of Nigeria and Australia)
3. (a), (d),
4. Fill the table (3.e) in the book itself (No need to do in the HW copy)
5. Map Skills in the book itself (No need to write in the HW copy)

NOTE :- These questions are only for **HOMEWORK**. You are expected to answer any question asked from this chapter. So, learn thoroughly.
