Social Studies

Chapter 15 : Our Earth - A unique Planet

Assignment

Continue with E. (Page no. 87) in your Social Studies copy.

Answer the following questions.

Q.5) Why does the sky appear blue in colour ?

A.5) The sky has dust particles and water. These particles scatter the light of the sun in such a way that the sky appears to be blue in colour.

Q.6) What is atmosphere ?

A.6) The Earth is surrounded by air which we call the Earth's atmosphere.

Q.7) Why is the Earth called a unique planet ?

A.7) It is the only planet where life is possible because there is enough air and water. That is why it is called a unique planet.
