

1. *The tyres of vehicles also wear out gradually due towith the road.*
(a) colour (b) weight (c) friction (d) none of these
2. *When the body rolls over another, frictional force experienced by the body is known as friction.*
(a) sliding (b) rolling (c) static (d) none of these
3. *The efficiency of machine is reduced due :*
(a) weight (b) speed (c) friction (d) none of these
4. *Force acts on an object may change :*
(a) direction (b) shape (c) speed (d) all of these
5. *The state of motion of an objects is described by its :*
(a) speed only (b) direction of motion only (c) speed and direction of motion
(d) neither speed nor direction of motion
6. *Friction always acts in the direction of motion.*
(a) same (b) opposite (c) upward (d) downward
7. *On squeezing a rubber ball, its changes.*
(a) direction (b) mass (c) shape (d) none of these
