Reference to context

4) 'Hey, steady on or we will all fall off the tree!' Eugene warned.

Q a) Who else was on the tree with Eugene?

A a) Both Ashraf and Segun were on the tree with Eugene.

Q b) What is a warning? What made Eugene give this warning?

A b) A warning is telling somebody about something, which is probably dangerous, so that it can be avoided. Eugene might have given the warning because they were sitting up on the branch of a mango tree and if they were not careful, they could fall off.

Q c) What did Segun say in reply to this warning?

A c) Segun said Ashraf would have to invent an instant parachute to save them.

Read, reflect and write:

Q5) How did Eugene receive the news that Ashraf gave him? Would you say that he was genuinely impressed? Give a reason to support your answer.

A5) Eugene called Segun over after hearing Ashraf's news during the first break.

I do not think he was genuinely impressed because Ashraf had claimed to have made two other inventions, his time machine and his invisible radio wave, which did not work out.
