

E. V.S

STD 2

(CH 4)My Needs -Clothing.

Answer the following questions

Q1-What is the difference between natural and man- made fibres? Give examples.

Ans-Natural fibres-They are made from chemicals. E.g nylon, rayon, polyester and acrylic.

Man-made fibres-We get directly from plants and animals. E g jute, cotton, silk and wool.

Q2-How should we take care of our clothes?

Ans-We should take care of clothes in following ways:

a) We must wash our clothes regularly.

b) We must dry, iron and fold all clothes properly before keeping them in a cupboard.

Fill in the blanks (text book)

Pg 38(A)

Answers.

1. regularly
