Q 6) Why did Ashraf feel that he could not go back to school, ever?

A 6) Ashraf felt that he could not go back to school because all the students had come to see his plane but they were not impressed. They thought his plane was just a mango tree with some cushions and a makeshift wing. He thought that the other children would make fun of him in school.

Q 7) Ashraf said that Eugene and Segun were great. What did he mean by this? Do you agree with Ashraf? Give reasons for your answer.

A 7) Ashraf said that Eugene and Segun were great because he felt that both of them were good friends. Even while sitting in a make-believe plane, they encouraged him and believed that one day he would actually build a plane. Yes, I think they are really good friends because they always supported Ashraf no matter how crazy his ideas were.
