

Std-5 Social Studies Assignment

Chapter 12 – Natural Vegetation

(Continue neatly in your Social Studies notebook)

4. What is the Chipko Movement?

Ans. The Chipko Movement was started to prevent the cutting down of trees. The villagers used to put their arms around the trees and save them from being cut by tree-cutters. This movement was started by Sunderlal Bahuguna in 1973.

5. Where are the tidal forests found in India?

Ans. The tidal forests are found in the deltas of the rivers Ganga, Mahanadi and Godavari.
